## She's a Hunny of a gal

by Paulette Gonzalez

*That darn air conditioner cover! Flapping in the breeze again! Every time we hear it, we think there's a stray cat rummaging in the plastic bags of aluminum cans our supporters donate. Wait . . . there's a tail! There IS a cat rummaging in the bags . . . it's a brown tabby!*

And so began the story of Hunny, a cute brown tabby with lots of love to give.

I found Hunny outside one cold, blustery February day, licking the last bits of food from an aluminum can. To my surprise, I was able to walk right over to her and pick her up. "What a honey," I thought. And so, her name.

As you can see from her photo, Hunny's right eye is injured. Our vet says it's an old injury, probably from some kind of trauma. It's not painful or infected, and it doesn't seem to bother her. But it will never be normal.

Hunny has another strike against her. She carries the feline immunodeficiency virus (FIV) in her blood. The virus will be with her all her life, but may never make her sick. In fact, Hunny could live a perfectly normal life. But, it's only fair to say that FIV can cause other ailments, like eye, skin, and dental problems.

FIV is most common in unneutered, stray males. The virus spreads only through bite wounds and mating. FIV in females is more unusual.

Many people don't like to adopt cats with FIV. Maybe they're afraid that an FIV cat won't live very long. But many cats with FIV live as long as a cat without the virus.

Some kind-hearted people realize that FIV cats need homes, too, and so, they open their hearts and homes to them. In fact, the largest animal sanctuary in the world, Best Friends Animal Society, in Kanab, Utah, has an entire room of FIV-positive cats, and many people travel all the way to Utah to adopt and take home one or more of these wonderful cats. These owners report that these cats seem to be more grateful and affectionate than others.

As for Hunny, she couldn't be sweeter! She enjoys being held and petted, and would make a wonderful lap cat for some lucky person or family.

Could that be you? Come and visit Hunny at the shelter, any weekend, or call us at (219) 785-4936.

# President's Message

The cats are looking for a new roof to keep their furry little heads dry.

The shelter's roof is 15 years old and must be replaced as soon as possible. Near the front door, the wood under the roof is gone. Water has seeped inside and soaked the drywall in the laundry area. Mold and bacteria are growing and have spread to the adjoining room of cats. The outside light on the building won't stay lit, as water is shorting the wiring.

We don't have extra money to replace our roof, but it's not going to last through another wet spring or snowy winter. So, we are officially announcing our **"Raise the Roof"** campaign. We need your help to get the roof replaced immediately.

If you can donate to our "Raise the Roof" campaign, please send your donations to: **Raise the Roof, Independent Cat Society, P.O. Box 735, Westville, Indiana, 46391.** A donation form is on page 2 of this newsletter. Or, go to our Web site -- [www.catsociety.org](http://www.catsociety.org) -- and donate conveniently through PayPal. Please indicate that your donation is for "Raise the Roof."

If you're a contractor or roofer who can donate materials and/or labor, we could sure use you!

In this issue, take a look at our "teenagers" who need homes, on page 4. These beautiful kittens are "growing up" at the shelter. If you can adopt one or two, they would surely appreciate a real home!

**Five-year-old Tangerine is a sweet, affectionate long-haired orange tabby. She needs to be an only pet in a quiet home**

By popular demand, our Summer Open House will again be a "Kitten Shower!" Last year, our supporters enjoyed purchasing shower gifts for our needy pregnant moms and babies. We decorated the shelter in pastels and celebrated our new arrivals. Please join us again this year! Both Pet Supplies Plus, in Valparaiso, and Brandt's Old Fashion Pet, Feed, and Wildlife Emporium, in Michigan City, will participate by displaying our Kitten Shower Wish List for shoppers.

For information on these and all our events, adoptable cats, and other programs, visit our Web site, [www.catsociety.org](http://www.catsociety.org). As always, we thank you for your friendship and support!

## Let's do Christmas over again!

This winter's snowstorms kept our adoption rate unusually low at the holidays. Many kittens who expected to go "home for the holidays" did not.

Please don't let them turn one-year-old at the shelter! Give these kittens the "Christmas" they deserve -- adopt one (better yet, two!) into your loving home.

These cuties are already spayed and neutered and have all their vaccinations. All you have to do is add the love to make them purr-fectly happy!

**Alexander**

Handsome Alexander, born in June 2004, is an active, playful boy, looking for a permanent home!

**Elmo**

Cute little Elmo is sweet and loving. He was born in March 2004, and would make a wonderful pet for a loving family.

**Anthony**

Anthony, born in May 2004, is an active, playful boy who is anxious to have a bed and a home of his own.

**Leo**

Leo, born in May 2004, is sweet and playful, and is looking for a forever home!

# Nikki travels across the Rainbow Bridge

## *One “Lucky” cat becomes his “Appurrentice”*

Hello to everyone, and thank you for your kind support of me as the new Sponsor-A-Cat Spokespurrson. As many of you know, our original Sponsor-A-Cat Spokepurrson, Nikki, passed over the Rainbow Bridge just before the holidays. Nikki had lived at the shelter nearly all of his 15 years, and toward the end, he battled one medical problem after another. I am proud of my friend Nikki, because up until the end, he was courageous and strong. Nikki’s pawprints are too big to fill, but I will do my best to try to be as good a representative of Sponsor-A-Cat as he was.

First, I’d like to tell you a little about myself. My name is Lucky, and I came to the shelter in April 1997. My health is good. Recently, I lost a little weight because I had a sore tooth and it was difficult for me to eat. But once these humans figured out what my problem was, I went to see the feline dentist and now I’ve put weight back on and I’m feeling as spry as ever.

If any of you have been to the

**The Nikki**

shelter when it’s not open, you may see me wandering the halls. That’s because I’m really the unofficial shelter “manager.” I live in a room in the shelter, but every time certain of my favorite humans show up there, I persuade them with my wily charms to let me out of my room, so I can find a soft blanket, warm from the dryer, so

I can take a nap in the laundry room.

Lots of people say I’m cantankerous. I say you have to be, with all the youngsters coming in to the shelter. They have to know from the start who’s boss!

I thought I’d end my message with some information about how well our original Sponsor-A-Cat, Nikki, led the Sponsor-A-Cat program. We began three years ago, in 2002, with 23 cats sponsored and \$13,627 in revenue from the program. By the end of 2004, 162 cats had sponsors and we raised \$22,395 from the Sponsor-A-Cat program. Under Nikki’s leadership, we increased the number of cats sponsored by 86 percent and revenue nearly 40 percent! Also, thank you to our Sponsor-a-Cat volunteers who work so hard to make the program a success.

Thanks to you, Sponsor-A-Cat is one of our largest and most successful fundraising programs. It accounts for 15 percent of our yearly revenue.

So . . . tell a friend. Sponsor-A-Cat is a great gift -- for someone you love, -- or just for you!

**Lucky**
